## CLASS—1881.

---

The following changes in the Faculty of Instruction have been made to fill vacancies occasioned by the death of our distinguished and lamented colleague, Prof. WILLIAM WARREN GREENE.

PROF. STEPHEN H. WEEKS, M.D.,

Lecturer on Surgery.

PROF. FREDERIC HENRY GERRISH, M.D.,

Lecturer on Anatomy.

CHARLES O. HUNT, M.D.,

Lecturer on Materia Medica and Therapeutics.

Dr. Hunt has for several years conducted this department in the Portland School for Medical Instruction.

Orlando Warrington Charles,  
Pell Russell Clayson, A.M.,  
Joseph Jordan Cobb,

*North Fryeburg,*  
*Gardiner,*  
*Lowell Centre,*

F. A. Mitchell.  
A. F. Plimpton.  
I. Chandler.

Frank Herbert Crocker, A.B.,	<i>Machias,</i>	S. B. Hunter & H. H. Smith.
Jeremiah Lyndon Curtis,	<i>East Dixmont,</i>	S. W. Johnson.
Oliver Fernald Cushing,	<i>Thomaston,</i>	H. C. Levensaler.
Wm. Baxter Cushman, sc.B.,	<i>Cambridge, Mass.,</i>	M. E. Webb.
Fred Henry Daniels,	<i>Union,</i>	W. A. Albee.
Joseph Melville Deacon,	<i>St. Stephens, N. B.</i>	C. E. Swan.
Howard Sumner Dearing, A.B..	<i>East Waterboro,</i>	A. K. P. Meserve and P. S. M. I.
Crosby Gordon Eaton,	<i>Mt. Vernon,</i>	N. R. Boutelle.
Merton Oliver Edwards,	<i>Monmouth,</i>	D. E. Marston.
Lot Merrill Elder,	<i>South Paris,</i>	O. R. Hall.
William Edward Emery,	<i>Hampden,</i>	L. E. Norris.
Walter Elmore Fernald,	<i>Kittery,</i>	M. F. Wentworth.
Everett Flood, A.B.,	<i>Clinton,</i>	P. M. Whitten.
John Fortier,	<i>Waterville,</i>	F. H. Campbelle.

NAMES.	THESES.
Carroll Waite Abbott,	Wounds and their Treatment.
Everett Fremont Adams, A.M.,	Dyspepsia.
Wendell Holmes Adams, A.M.,	Man and Medicine.
Francis Loring Banfield,	Etiology of Disease.
Samuel Joseph Bassford,	The True Physician.
Benjamin Randall Browne,	Hypodermic Medication and Amputations at Wrist Joint.
Orlando Warrington Charles,	Cinchona.
Joseph Jordan Cobb,	Scarlatina.
William Baxter Cushman, SC.B.,	The Membrana Tympani.
Merton Oliver Edwards,	Typhoid Fever.
Walter Elmore Fernald,	Antiseptic Surgery.
Everett Flood, A.B.,	The Autocracy of the Body.
Charles Henry Gibbs,	The Obstetric Forceps.
Granville Albert Harlow,	Salicylic Acid.
William Bixby Hopkins,	Hygiene of Infancy.

Francis Oliver Nichols,	Alcohol.
Harold Verne Noyes,	Erysipelas.
Willie Herbert Nute,	Chlorosis.
Charles Carroll O'Brien, A.B.,	Epidemic Cerebro Spinal Meningitis.
Clifford Llewellyn Pike,	Medical Doctrine.
John Newton Plaisted,	The Diagnostic Signs of Pregnancy.
Daniel Arthur Robinson, A.M.,	Exercise as a Prophylactic and Therapeutic Agent.
Horace Dean Robinson,	Diphtheria.
Ernest Varian Scribner, A.B.,	Scarlatina.
Freeman Park Smith,	Emphysema.
Frank Adelbert Southwick,	How and when to use Obstetric Forceps.
Frank Dana Switzer Stevens,	The Physical Exploration of the Respiratory Organs.
Augustus Littlefield Tallman,	Variola.
Joseph Dinsmore Titcomb,	Typhoid Fever.
James Buzzell Wescott,	Physical Diagnosis.

# ANNOUNCEMENT.

---

THE MEDICAL SCHOOL OF MAINE, by an Act of the Legislature, is placed under the superintendence and direction of the Board of Trustees and Overseers of Bowdoin College. By their joint authority all the degrees of M.D. are conferred.

The 62nd Course of Lectures will commence FEBRUARY 9th, 1882, and continue sixteen weeks. The Introductory Lecture will be delivered at 3 o'clock P. M., by Prof. Alfred Mitchell.

## ANATOMICAL CABINET.

Its valuable specimens of Morbid and Comparative Anatomy are constantly increasing. It has recently been thoroughly re-arranged and enriched by valuable purchases abroad.

The Chemical Department embraces every article of apparatus essential to a complete illustration of the principles of Chemistry.

Ample facilities are afforded for the study of Analytical Chemistry in the College.

## CLINICS.

Clinics are held every SATURDAY MORNING during the second half of the term. Patients requiring medical or surgical advice and treatment may present themselves on Saturday mornings from 8 to 11 o'clock.

*All examinations in the presence of the Class are made without charge. All surgical operations are gratuitously performed.*

## TERMS OF ADMISSION.

Candidates for Matriculation will be required to give evidence that they possess a good English education. Those who are graduates of Colleges, Normal Schools, High Schools, or have passed the entrance examination to any recognized College, on presentation of their diplomas and matriculation tickets, will be exempted from examination. Examinations will be held on THURSDAY, FEBRUARY 10th, at 9 o'clock A. M.

The Fees for admission to the several Courses of Lectures, *payable strictly in advance, and by cash only*, are \$75. Matriculation Fee, payable each term, \$5.

Pupils who have attended two full courses of Medical Lectures, one of which has been in this School, are admitted to all subsequent courses without payment of any Lecture Fees.

Students who have attended two full courses at other regular Medical Institutions, are required to pay \$25 for admission to their first course of Lectures at this School, in addition to the Matriculation Fee.

The Graduation Fee, including the Diploma, is \$20.

*No student will be allowed to attend any course of lectures in this School without the certificate of the Secretary.* Members of the medical profession are cordially invited to attend the lectures at any time.

Graduates of other Schools, who have been engaged three years in the regular practice of medicine, may receive a general ticket upon presentation of their diplomas and payment of the matriculation fee. Every student is expected to remain till the close of the term

## EXAMINATIONS AND GRADUATION.

Students, and particularly candidates for a Degree, are examined either daily or weekly on the subjects of the Lectures. Especial attention is directed to the fact that members of the Faculty, in each department, hold gratuitous examinations on specified days of each week, upon the subjects of the Lectures.

The Faculty, believing it to be desirable for students to pay especial attention to the primary branches during the first portion of their course of study in order that they may be better prepared to appreciate the more advanced subjects in the latter part, voted five years ago, that any student might present himself for examination in Anatomy, Physiology and Chemistry (any or all), at the regularly appointed time for examination, provided he previously presented to the Secretary satisfactory evidence that, at the close of the current term, he had completed at least twelve months of actual study, and had attended a full course of lectures in this School. Those who are examined in Anatomy are required to present evidence that they have under competent instructors dissected not less than two parts. The same requirements will be enforced in the case of those who are examined in this department at graduation. Two years ago they voted additionally that any student may present himself for final examination in *Materia Medica* and Therapeutics, and in Obstetrics, at the regularly appointed time for examination, provided he previously presents to the Secretary satisfactory evidence that, at the close of the current term, he shall have completed at least two years of actual study and have attended two courses of Lectures, the second of which must have been in this School. An official record of the result of the successful examinations shall be kept by the Secretary. The successful passage of an examination will not exempt a student from faithful attendance upon any exercises in any department during subsequent courses.

The examinations for the Degree of Doctor of Medicine are held by the Faculty of Medicine at the close of the course of Lectures. Degrees are conferred at Commencement.

The candidates must be twenty-one years of age, and must have devoted three years to their professional studies under the direction of a regular Practitioner of Medicine. They must have attended two full courses of Lectures in some regular, incorporated Medical Institution; and the last course, previous to examination, must have been at this School. They must deposit with the Secretary of the Faculty satisfactory certificates of good moral character, and of having pursued their medical studies for the required term. They must also pass a satisfactory written and oral examination in Anatomy, Physiology, Surgery, Chemistry, *Materia Medica*, Pharmacy, Obstetrics, Pathology and Practice. They must also present a Thesis or Dissertation on some medical subject, a fair copy of which must be deposited with the Secretary of the Faculty at least ten days before the commencement of the examination at the close of the Lectures. These copies are preserved in the Medical Library.

*Students on arriving should call at once on the Registrar of the College, Dr. Ellis, to enter their names, present their certificates, and purchase their tickets. They may also obtain from him all necessary information in regard to boarding-houses.*

Price of Board from \$3.00 to \$5.00 per week.

The foregoing is a brief statement of the means of acquiring medical knowledge which may be enjoyed at this Institution. No efforts will be spared which may tend to render these means beneficial, and to promote the instruction of pupils in Medical Science.

By order of the Faculty,

ALFRED MITCHELL, SECRETARY.

BRUNSWICK, AUG., 1881.
